

SEVENTEENTH ANNUAL REPORT

OF THE

MARYLAND BUREAU OF MINES

OF THE

STATE OF MARYLAND

Under the Supervision of the State Board of Labor and Statistics
A. STENGEL MARINE, Commissioner*

CALENDAR YEAR 1939

TO

HON. HERBERT R. O'CONNOR

GOVERNOR OF MARYLAND

JOHN J. RUTLEDGE
Chief Mine Engineer

*Suc. by John M. Pohlhaus, on May 16, 1939.

REPORT OF THE MARYLAND BUREAU OF MINES 1939

To His Excellency,

HON. HERBERT R. O'CONNOR,

Governor of Maryland.

SIR:

The report herewith submitted is for the calendar year 1939, and is the sixty-third annual report upon conditions of the Coal and Clay mines within the State.

The reports from the various mining operators throughout the State show the tonnage to be as follows:

CLAY AND COAL PRODUCTION

Calendar year 1939

(Net Tons, cwt.)

Pick	819,150.08
Machine	717,921.06
Total.....	1,537,071.14

COAL PRODUCTION, ALLEGANY COUNTY

During the calendar year 1939 Allegany County employed 1,241 miners, 110 drivers, 185 inside laborers and 124 outside employes making a total of 1,660 men. The production of coal for the year 1939 was 860,469.07 net tons. This shows a production of 693.3 net tons for each miner employed during this period.

COAL PRODUCTION, GARRETT COUNTY

During the calendar year 1939 Garrett County employed 848 miners, 118 drivers, 112 inside laborers, and 126 outside employes making a total of 1,204 employes. The production of coal for the year 1939 was 607,381.10 net tons. This shows a production of 716.2 net tons for each miner employed during this period.

FIRE CLAY PRODUCTION

During the calendar year 1939 the fire clay mines in Allegany County employed 86 miners, 7 drivers, 11 inside laborers and 24 outside employes, making a total of 120 men. The production of fire clay during the calendar year 1939 was 69,220.17 net tons.

TONNAGE PER FATALITY (BY COUNTY)

In Allegany County for the calendar year 1939 there were 860,469 net tons of coal produced for each fatal accident; number of fatalities per 1,000 employes .602; number of fatalities per 1,000,000 tons of coal produced 1.162.

There were no fatalities in the coal mines of Garrett County during 1939.

TONNAGE PER FATALITY FOR ENTIRE YEAR

During the calendar year 1939 there were 1,467,850 net tons of coal produced for each fatal accident; fatalities per 1,000 employes .349; number of fatalities per 1,000,000 tons of coal produced .681.

WEIGHMASTER LICENSES FOR THOSE WEIGHING SOLID FUEL

During the year 1939, in compliance with the provisions of Chapter 349 Maryland Laws (1937) the Bureau continued to inspect the weigh scales of all those engaged in weighing solid fuel in the State of Maryland, outside the City of Baltimore, 229 truck scales being tested and 15 were re-tested.

From the inception of the work under this Law, November 23, 1937, up to and including December, 1939, 1,010 weighmaster licenses were issued by the Bureau, the fee for each license being \$10.00, and this money was turned over to the State Treasurer.

From January, 1939, to December, 1939, inclusive, 383 weighmaster licenses were issued.

BALTIMORE'S EXPORT COAL BUSINESS IN 1939

Through the courtesy of the Export and Import Bureau, Baltimore Association of Commerce, we are able to give the following information:

Coal exports from the Port of Baltimore during the calendar year 1939, amounted to 200,807 long tons, a 393.1 per cent increase over 1938, and a gain of 235.3 per cent compared with 1937. The 1939 exports were carried on 37 vessels, while 14 vessels carried 40,727 tons in 1938 and the same number of ships handled the 59,888 tons exported during 1937.

Argentina was the leading customer for coal from Baltimore during the year, taking 113,343 tons on 19 vessels. Italy was second with 21,926 tons on 3 vessels, and Brazil was third with 15,480 tons on 3 vessels. Norway was in fourth place with 13,192 tons on 2 ships. Cuba, dropping from first place in 1938 to fifth in 1939, took 11,853 tons, carried on 4 ships. The remaining 25,013 tons were exported to

Denmark, Martinique, the Philippine Islands, St. Pierre de Miquelon and Sweden.

During the first four months of 1940, 67,118 tons of coal have been exported on 11 vessels.

Bunker coal supplied to vessels operating in the foreign trade from the Port of Baltimore during 1939 amounted to 117,106 long tons. This compared with 97,849 tons in 1938, and 133,103 tons during 1937.

LABOR CONDITIONS

There was a cessation of mining operations in the Union mines from April 1st to May 15th, 1939, and this was occasioned by the prolongation of negotiations between operators and miners in New York City. It was not until the end of this period that an agreement was arrived at and mining operations resumed. During this time open-shop mines, especially in Garrett County, operated. One of them was picketed and some disorder occurred but the State Police and Sheriff were on the ground at all times and no serious trouble resulted.

Other than this there were no labor troubles during the year in the coal mines of Western Maryland.

FATAL ACCIDENTS

During the calendar year 1939 one fatal accident occurred in the mines of Allegany and Garrett Counties. A miner lost his life through a fall of roof in a small mine in Allegany County on October 3, 1939.

The Inspectors, operators and miners had hoped that the year 1939 might be a record year in which there would not be a single fatal accident but in this hope they were disappointed. Usually there has been a fatal accident in the month of January of each year and when this did not happen in 1939 the Inspectors began to take heart and increased their vigilance. It was a great disappointment when a fatality occurred in the tenth month of the year.

For a long period of years the average fatal accident record in Maryland coal mines has been three per year. Sixty per cent and over of these have been due to falls of roof and sides.

TRADE CONDITIONS

During the early part of 1939 the larger mines worked almost constantly and continued to work until late in the year. The smaller mines which are usually dependent upon domestic trade for the sale of their product, operated during the winter months but ceased to operate during the spring and summer. On the whole, it was a fairly good year, especially for the larger mines. The increase in production in 1939 over 1938 was approximately 7 per cent.

At the end of 1939 all operators were eagerly awaiting the selling price for coal furnished by the Bituminous Coal Commission, but this hope was not realized during the year.

There was strong competition from oil, hydro-electric plants and natural gas.

PROSECUTIONS

On complaint of a District Mine Inspector a mine foreman was tried for (1) allowing an unauthorized person to weigh coal at his mine; (2) for failure to visit working places in the mine while men were at work; (3) for failure to enter and sign mine report book; and (4) failure to make production reports to the Mine Inspector when required.

The defendant was found guilty on the first charge and fined \$25.00 and costs. The fine was suspended on payment of costs. On charge (4) the defendant was found guilty and fined \$25.00 and costs. The fine was suspended upon payment of costs \$2.45. The other charges were not pressed.

EIGHTEENTH EXAMINATION FOR MINE FOREMEN AND FIRE BOSSES CERTIFICATES OF COMPETENCY

Frostburg, Maryland, August 29th and 30th, 1939

The following candidates were granted Certificates of Competency:

FIRST CLASS

No. 661—Leslie Charles Ryan.....	Kempton
No. 665—Cassel Blane Tasker.....	Kempton

SECOND CLASS

No. 642—Louis Stephen Cesnick.....	Vindex
No. 643—James Clark.....	Vindex
No. 644—Darcie Edward Cosner.....	Kempton
No. 647—Everette Maxmillian Friend.....	Friendsville
No. 648—Joseph Ellsworth Gardner.....	Lonaconing
No. 649—John Strube Hartig.....	Frostburg
No. 650—Bernard Joseph Henaghan.....	Eckhart Mines
No. 651—William Henderson.....	Vindex
No. 653—Mouroe Franklin Keister.....	Midlothian
No. 654—Russell Elwood Keister.....	Midlothian
No. 659—Benjamin Franklin Ritchie.....	Frostburg
No. 664—Alston Gorden Dayton Stewart.....	Vindex

The Bureau is indebted to the Traffic and Transportation Bureau, Baltimore Association of Commerce, for the following information:

**COAL TRANSPORTED BY THE RAILROADS TRAVERSING
THE WESTERN MARYLAND COAL FIELD
CALENDAR YEAR, 1939**

The coal shipments over the Cumberland & Pennsylvania Railroad, which traverses the center of the George's Creek coal field, amounted to 493,665 net tons.

There were 540,035 net tons of coal produced by mines located on the Western Maryland Railway Company in the State of Maryland during 1939. Of this total, 149,050 net tons originated in the George's Creek District.

For the same period mines located on the Baltimore and Ohio Railroad in Maryland made coal shipments amounting to 136,362 net tons.

Fire Clay Mines

BIG SAVAGE REFRACTORIES CORPORATION—NO. 1 MINE

Date	Name of Person Injured	Occupation	Age	Married or Single	Number Days Lost	Number in Family	Nationality	Residence	Cause of Accident, Nature and Extent of Injury
Sept. 6	Howard Finzel	Trip-Rider	46	Married	*	8	American	Meyersdale, Pa.	While switching cars, he stepped between ties and the car wheel ran over his foot, bruising his right foot and breaking three toes.
Sept. 27	Edward Carder	Hoist Operator	48	Married	*	5	American	Frostburg	With one hand on the controller handle, he reached for the brake lever, in order to stop the drum. The short circuit occurred in the controller and the current passed from the controller handle through his body to the brake lever, knocking him off the platform to the floor. A defective transformer was the probable cause of the short circuit. Both hands severely burned. He was pulling a lump of fire clay out of the roof and a pain struck him through the left side of his chest.
Oct. 11	Thomas Raley	Miner	26	Single	3	American	Frostburg	

NORTH AMERICAN REFRACTORIES COMPANY—NO. 6 MINE

Date	Name of Person Injured	Occupation	Age	Married or Single	Number Days Lost	Number in Family	Nationality	Residence	Cause of Accident, Nature and Extent of Injury
June	Philip H. Kneff	Clay Miner	55	Married	22	American	Frostburg	Was digging hitch in bottom for prop. Piece of slate flew from bottom and struck his eye. Left eye cut.
Dec.	Roy E. Crowe	Clay Miner	47	Married	2	American	Frostburg	He was working on a fall in heading. He was breaking a rock with hammer and a spall of rock flew and struck him on the right foot, bruising and cutting it on top of the instep.

UNION MINING COMPANY

CONSUMERS COAL MINING COMPANY

Date	Name of Person Injured	Occupation	Age	Married or Single	Number Days Lost	Number in Family	Nationality	Residence	Cause of Accident, Nature and Extent of Injury
Oct. 12	L. W. Harvey	Scraper	31	Married	7	1	American	Kempton	While helping to dump car of coal into coal bin, part of coal slid out of car, about two-thirds of coal remaining in car. Injured was left alone holding both weight of coal and car while buddy ran for prop to place under car. Left inguinal hernia.

DAVIS COAL AND COKE COMPANY—KEMPTON NO. 42 MINE

Date	Name of Person Injured	Occupation	Age	Married or Single	Number Days Lost	Number in Family	Nationality	Residence	Cause of Accident, Nature and Extent of Injury
Jan. 9	John Costello	Scraper	53	Married	7	1	American	Kempton	Alleges while pulling machine with motor with chain hooked around cutter bar, slacked the motor to unfasten chain; unfastening chain he got on motor and forgot to reverse it, backing into cutter bar on machine, catching foot and leg. Help repair track and while straightening out kink in rail, sprained back. Alleges while attempting to straighten link with hand while coupling cars, his hand was caught between bumpers.
Jan. 5	Ernie White	Miner	24	Married	12	3	American	Kempton	Alleges while cleaning out some binder from back of cut, a small piece of top coal fell, catching finger. Alleged mashed end of 2nd, 3rd fingers, left hand.
Jan. 23	Melvin Watring	Brakeman	28	Married	*	6	American	Kempton	Alleges while passing through heading with machine, draw slate fell on back and shoulders. Alleged bruised shoulders and back, probably cracked sternum.
Feb. 1	Henry Robey	Miner	60	Married	*	9	American	Kempton	Alleges he put in shot and coal did not fall; was cleaning out rock from said shot when top gave way, catching right foot and ankle. Alleged bruise and sprained right leg and ankle.
Feb. 2	Marshall Lewis	Machineman	39	Married	6	6	American	Kempton	Alleges while cleaning dust from under machine a piece of rack fell, striking him on head and shoulders. Alleged sprained back and hips.
Feb. 3	Charles Reed	Conveyor Miner	35	Married	*	8	American	Kempton	Alleges while cutting place, jackpype slipped and fell striking his hand that was laying on frame of machine. Alleged mashed end of 3rd finger, left hand.
Feb. 28	John Costello	Scraper	53	Married	*	1	American	Kempton	Claims he was digging up bottom coal and stepped back into chain and sprocket. Washed and lacerated left foot, little and 4th toe amputated at first joint.
Mar. 17	Pete Felketta	Conveyor Miner	38	Married	*	4	Italian	Kempton	Claims dislocated big toe left foot and sprained foot. States he was pulling car off cage and his heel caught in a hole; bumper on car dropped down catching toe on left foot, bending it back.
May 5	Harry McDonald	Conveyor Miner	46	Married	*	3	American	Kempton	Alleged bruised and skinned right elbow; deep puncture in right elbow. States he was cleaning up rock on clearance side when piece of draw slate fell, knocking him down.
May 15	A. D. King	Mine Foreman	35	Married	*	5	American	Kempton	Alleged large abrasion and contusion of right shoulder, severe contused sprain of right knee with some torn internal ligaments. States while setting jackpype, fall of draw slate knocked him into gob pile.
May 18	George Puffenbarger	Laborer	54	Married	24	5	American	Kempton	Bruised right thigh. Claims he was tamping hole for shot when top coal fell on him. States he was moving jackpype when top coal fell, crushing him to pavement. Alleged laceration above left eye, back of head scratched and bruised through chest.
May 22	Cecil Lantz	Conveyor Miner	40	Married	*	5	American	Kempton	States he reached hand between cars of moving trip to close derail. Mashed end of index finger, skinned and bruised middle and ring fingers, left hand.
May 26	August Weirpatz, Sr.	Miner	58	Married	10	8	German	Kempton	States he was standing in front of tail piece with shovel in hand, when top coal fell, striking on hand and shoulder. Dislocated metacarpophalangeal joint of ring finger, left hand.
June 30	Charles O. Wolfe	Motorman	31	Married	*	3	American	Kempton	States while he was taking trip of empties from Main F, empty chute he got sand and sulphur water in eye; right eye badly inflamed.
July 28	Elmer Clark	Conveyor Miner	28	Married	8	5	American	Kempton	States he was oiling machine when a piece of draw slate fell on him. Alleged sprained back.
Aug. 15	Ronald Wotring	Motorman	34	Married	20	7	American	Kempton	Claims while digging top bench down, he dug into a slip and a large lump of coal rolled down and struck him on both legs. Fracture of both right and left tibia lower third.
Aug. 25	William Wratichford	Conveyor Miner	42	Married	*	4	American	Kempton	States he was coupling cars when motor dropped away, catching thumb between pin and endgate. Mashed and lacerated end of right thumb with fracture of last phalanx.
Sept. 8	William Likens	Miner	...	Married	American	Thomas	Claims he was holding jackpype while machine runner tightened rope, when top coal fell catching him between jackpype and face. Bruised and skinned back of right hand.
Oct. 4	Elmer Gaither	Brakeman	29	Married	*	2	American	Kempton	Claims he was bent over shoveling coal on conveyors; a piece of rock fell, striking him on back, crushing him to pavement. Sprained back and sides, little finger right hand lacerated and torn loose from hand.
Oct. 11	Charles Lewis	Miner	54	Married	18	7	American	Kempton	Claims he went to step from platform to steel car, foot slipped off car and caught under board as he fell into car, weight of his body hanging on his leg.
Oct. 18	William Povish, Jr.	Conveyor Miner	25	Married	17	3	Austrian	Kempton	Ligaments torn about knee and internal ligaments torn in right knee.
Nov. 10	George Sowers, Jr.	Trimmer	34	Married	*	3	American	Kempton	States he was on his knees digging bottom coal; the car in his place skidded and caught his head between car and bottom coal. Claims two small cuts on side of face and squeezed through head.
Nov. 14	Tony Rapetsky	Miner	61	Single	*	0	Lithuanian	Kempton	Claims he was pushing car and endgate fell down catching hand. Alleged bruised and sprained left hand.
Nov. 30	George Blizzard	Track Cleaner	52	Married	*	10	American	Kempton	

* Still off at time of making report.

Cause of Accident, Nature and Extent of Injury
 A piece of top coal and bone fell and hit man on back of head. In taking cross-bar out from pile of props, several props rolled down; the bar struck him on side of right foot.
 While working on rock dump the wind blew dirt in right eye.
 Piece of roof rock fell on right foot, fractured bone in little toe.
 While placing refuse in gob, man caught his left finger between two rocks, crushed left finger, with fracture to distal phalanges of same finger. Mashed fourth left finger.
 Piece of rock fell from roof on right foot. Fracture of first phalange of little toe of right foot. Laceration of right foot.
 Rock fell from roof and struck right leg and ankle. Bruised and sprained right ankle and leg with small lacerated area on lateral side of right leg.
 Rock fell from roof and struck left hip, ankle and foot. Bruised and sprained left foot and ankle, with fracture to first four toes of left foot.
 Rock fell on left foot. Left big toe crushed, bruised left foot. Linea fracture through the entire length of distal phalanx of left big toe with transverse fracture at proximal end of same bone.
 Man was caught between pony and motor. Bruised left side over kidney. Both arms bruised about shoulders.
 While moving rock from gob it slipped and fell on left foot. Mashed big toe of left foot.
 While digging coal a piece flew up and hit man in right eye. Foreign body imbedded in right eye-ball.
 Bruised left foot. Caught his left foot between the end of one car and bumper of other car.
 In reaching for the breast plate his right hand struck the point of the mine auger and cut his right thumb.

Cause of Accident, Nature and Extent of Injury
 Handling rails inside mine; injured little finger on left hand.
 Cut inside left hand slightly on break lever; became infected.
 Squeezed between rib and wagon.
 Crushed forefinger on right hand while rerailing mine wagon in working place.
 Cleaning flues with steam. Pipe came apart burning him about legs and hips.
 Helping load cutting machine. Crushed middle finger on left hand.
 Particle of coal in eye.
 Dropping car from working face, accidentally stepped on rail, car passing over foot, crushing toes badly.
 Bruised ribs falling against brake-wheel.
 While dropping wagon from working place, corner of wagon struck him in chest, slightly bruising ribs.

MANOR COAL COMPANY—MANOR NO. 1

Date	Name of Person Injured	Occupation	Age	Married or Single	Number Days Lost	Number in Family	Nationality	Residence	Cause of Accident, Nature and Extent of Injury
Jan. 11	William A. Finch	Coal Loader	21	Single	19	0	American	Vindex	Was lifting on car with his feet. Did not feel any pain until he started to load car when his side started to hurt him. Injury: Traumatic epididymitis, right side.
Feb. 1	Woodrow Sharpless	Brakeman	25	Married	0	4	American	Kitzmilller	Caught second right finger between two mining cars while coupling cars, resulting in crushed tip of right second finger. All skin torn from anterior surface of finger.
Feb. 2	Clyde H. Duley	Coal Loader	22	Married	73	1	American	Swanton	Caught left hand between post and mining car, and mashed 2nd and 3rd left fingers, resulting in mashed second and third left fingers, and badly crushed second left finger. All tissue missing from anterior surface of finger.
Feb. 20	Louis Cesnick	Coal Loader	30	Married	0	...	American	Vindex	Caught 4th left finger between prop and bone in middle of track. Fracture to end of 4th left finger.
Feb. 23	James H. Boyce	Blacksmith	61	Married	0	1	American	Vindex	Was sharpening machine bits and a piece of steel flew off and struck right thumb.
Feb. 23	Edward Armstrong	Coal Loader	33	Married	3	3	American	Swanton	While boring hole foot slipped causing sprained side and back. Sprained abdominal muscles.
Feb. 28	Tony Crosco	Coal Loader	47	Married	40	5	American	Vindex	Coal fell from face catching man between coal and safety prop, resulting in bruised and sprained right elbow and right arm. Bruised right kidney and right side. Sacroileac sprain, right side.
Mar. 6	Oliver Dixon	Coal Loader	21	Married	5	1	American	Vindex	Was lifting empty car on track; feet slipped and caused him to sprain his back in the lumber area.
Mar. 14	Stancie Bowers	Scraper	21	Married	20	2	American	Deer Park	Slipped while skidding mining machine. Sprained left side.
Apr. 11	F. N. Damon	Lineman	43	Married	33	3	American	Vindex	Pole carrying power line on which machine was working, broke off, causing man to fall to ground. Bruises to right knee and left side of head. Sprained left foot and right hip.
May 12	William J. Carr	Power House Fireman	51	Married	2	6	American	Vindex	Circuit breaker on switchboard opened unexpectedly causing heavy electric arc close to man's eyes resulting in marked conjunctivitis to both eyes.
May 18	Hugh Rohbaugh	Coal Loader	30	Married	12	3	American	Kitzmilller	Lifting rock, the rock broke in two hurting man's arm, resulting in swelling and sprain of arm.
May 18	Garfield Bowers	Cutting Mach. Opr.	58	Married	0	6	American	Deer Park	End of cable struck right tibia, resulting in badly bruised and small cut of right leg.
May 19	Garfield Bowers	Cutting Mach. Opr.	58	Married	0	6	American	Deer Park	Stuck piece of wire in middle right finger, resulting in infected right middle finger.
May 18	George Swetzer	Coal Loader	24	Married	0	2	American	Vindex	Loading coal and lump of coal fell from face, smashing right thumb and hand, resulting in very small fracture to pario steum of distal end of metacarpal bone of right hand.
May 31	Edward Ross	Coal Loader	24	Married	7	3	American	Vindex	Was dropping car in place and was caught between car and prop, resulting in bruised and swollen right thigh and bruised left hip.
June 20	Lewis Weicht	Coal Loader	24	Married	1	2	American	Kitzmilller	Piece of slate and coal fell from roof and struck left elbow and left arm, resulting in acute bursitis of left elbow, with bruised left arm with marked oedema.
July 3	Charles E. Paugh	Laborer	...	Married	0	4	American	Vindex	Was driving horse and sled and sled runner ran over top of foot.
July 10	Joe Perry	Coal Loader	48	Married	27	8	American	Vindex	Was pushing empty mining car and left foot slipped, spraining left leg.
July 11	Ehner Greaser	Coal Loader	...	Married	6	2	American	Blaine	Was digging coal and stuck pick in right thumb, resulting in stab wound in distal joint of right thumb. Finger swollen and drained. Fracture to lateral side of proximal end of distal phalanges of right thumb.
July 13	Alfred Hoopengartner	Laborer	32	Married	11	1	American	Elk Garden, W. Va.	Pulled car upon toe resulting in the 1st, 2nd and 3rd right toes being crushed. Toe nail torn off 1st and 2nd toes. Tip of distal phalanges of 1st, end, and 3rd toes mashed.
July 28	Theodor L. Messenge	Coal Loader	35	2	...	American	Vindex	Breaking rock, piece of rock flew up hitting left eye, resulting in cut in sclera of left eye, eye being full of dirt.
July 28	James H. Boyce	Blacksmith	62	Married	0	5	American	Vindex	Piece of pipe fell striking left foot, resulting in crushed left foot and left ankle.
Aug. 1	Shas Burton	Fireman	63	Married	4	1	American	Vindex	Lifting barrel of oil and sprained side.
Aug. 3	Lee Lipscome	Cutting Mach. Opr.	38	Married	10	6	American	Vindex	Jack-pipe slipped out and struck right arm between wrist and elbow, man had a small boil at this point which increased the injury, resulting in right arm swollen from wrist to elbow, with deep seated infection.
Aug. 17	Frank Stewart	Brakeman	33	Married	0	1	American	Vindex	Hand caught between brake handle and roof rock, resulting in a sprained and bruised right hand.
Sept. 14	George A. Connor	Coal Loader	39	Married	17	3	American	Vindex	Hurt right side while lifting rock; rock weighed about 20 lbs. Resulting in sprained muscles in right lower quadrant, with stretching of right inguinal ring.
Sept. 20	Thomas Creaser	Coal Loader	47	Married	26	5	American	Vindex	Lump of coal fell on right second finger on Sept. 20, and on Sept. 22 he bumped same finger against side of mining car, resulting in infected 2nd right finger.
Sept. 21	Garfield Bowers	Machine Runner	58	Married	16	6	American	Vindex	Lifting jack slipped, striking right arm, resulting in a badly bruised right arm from shoulder to wrist, and small cut on upper right arm.
Oct. 10	Joe Perry	Coal Loader	51	Married	18	8	American	Vindex	Was pushing mine car and hurt left knee, resulting in sprained left knee, with acute bursitis.
Oct. 19	George Wilson Lewis	Brakeman	27	Married	1	1	American	Vindex	Struck in right side by mine car brake as car was rounding turn, resulting in bruised chest at level of 5th and 6th ribs, anterior.
Oct. 20	Charles H. Jones	Mine Supt.	53	Married	0	3	American	Vindex	Foot caught in hole in tittle floor, resulting in bruised and sprained right and left ankles and legs from knee down; two cuts on right leg.
Oct. 26	Leonard Warrnick	Helper to Opr. of Cutting Machine	24	Married	1	2	American	Vindex	Bo-ging machine and sprained right shoulder with iron bar, resulting in sprained and bruised right shoulder.
Nov. 11	Shas Burton	Fireman	64	Married	8	1	American	Vindex	While firing furnace a hot cinder struck him in the right eye, resulting in bruised right eye with marked conjunctivitis.
Nov. 17	Frank Stewart	Brakeman	33	Married	0	1	American	Vindex	Track switch latch flew up and struck fourth left finger, resulting in fourth left finger sprained with partial backward dislocation of distal phalange of fourth finger.
Nov. 21	George Ticknell	Machine Runner	32	Married	41	4	American	Vindex	Machine kicked back and caught left arm and elbow between coal and cutting machine, resulting in a badly bruised left arm from shoulder to wrist. Arm lacerated at and below elbow. Fracture to internal con dyle of left humerus.

SCENE OF FATAL ACCIDENT
TO.

BARBOUR L. MARSH
OCT. 3, 1939. ADEN MINE
C. J. ROWE - DISTRICT INSPECTOR. SCALE: 1"=4'

FATAL ACCIDENTS—1939

ALLEGANY COUNTY

On October 3, 1939, at 2.00 P. M., Barbour L. Marsh, a miner, employed in the Aden Mine operated by William Brashear, located near Westernport, Maryland, Bakerstown coal seam, was fatally injured by a fall of top bone.

Mr. Marsh was digging coal at the face and loosened the coal which supported the bone at the intersection of several slips, permitting the bone to swing the timber, falling on victim.

Time of Accident—October 3, 1939, 2:00 P. M.

Date of Death—October 4, 1939.

Name of Injured—Barbour L. Marsh.

Nationality—American.

Age—51 years.

Married or Single—Married.

Number of Dependents—Widow and 5 children.

Residence—Westernport, Md.

Inspector in Charge of District—Clyde J. Rowe.

Time and Date of Inspection—October 4, 1939, 9:00 A. M. with foreman and superintendent.

Name of Mine Foreman—Robert Elliott.

Recommendation—All bone must be taken down; timber will not protect the miner.

**COMPENSATION AWARDED FOR FATALITIES
DURING YEAR 1939**

Date of Injury	Victim	Company Where Employed	Direct Payment	Funeral	Total
Oct. 3	Barbour L. Marsh	William Brashear	\$5,000.00	\$125.00	\$5,125.00

CONSOLIDATION COAL COMPANY

Maryland Division

Office.....Frostburg, Maryland
 President.....Robert S. Hill, New York City
 Secretary.....Charles E. Beachley,
 New York City
 Principal Office.....30 Rockefeller Plaza,
 New York City
 Division Manager.....B. H. McCrackin, Frostburg, Md.

The Maryland Division of this Company is in Allegany County. It is the largest operation in the State, operating 5 mines and working the Big Vein and Tyson or Sewickley coal seams. The general condition of the mines is good.

CONSOLIDATION COAL COMPANY

Mine No. 1

Mine Foreman.....R. L. Edwards
 Assistant Mine Foreman.....John Smouse

This mine is located on the Cumberland and Pennsylvania Railroad at Ocean on the east side of George's Creek. It is a slope opening working the Big Vein coal seam and is opened on the double-entry system. Ventilation is produced by an electrically driven fan and the air current is conducted to the working places by overcasts and stoppings. It is found in a satisfactory condition. Drainage is very difficult owing to the low condition of the mine and a heavy expense is incurred in keeping it satisfactory. It is obtained by being driven through the Hoffman tunnel.

CONSOLIDATION COAL COMPANY

Mine No. 3

Mine Foreman.....Clarence Powers
 Assistant Mine Foreman..... Bernard J. Byrnes

This mine is located at Hoffman, 1½ miles east of Frostburg on the Eckhart Branch of the Cumberland and Pennsylvania Railroad. It is a slope opening working the Big Vein coal seam and is developed on the double-entry system. Ventilation is produced by an electrically driven fan. Drainage is most difficult and it is necessary to have a number of pumps and ditches in order to keep it in a lawful condition. It is through the Hoffman ditch which empties into Brad-dock Run at Clarysville. Timbering is found in good condition but it requires a great deal of timbering to keep the roof safe. The coal is hoisted by electric hoist.

CONSOLIDATION COAL COMPANY

Mine No. 4

Mine Foreman.....Frank Carter
 Assistant Mine Foreman.....William Donahue

This is a slope opening working the Big Vein coal seam located on the Cumberland and Pennsylvania Railroad at Eckhart. It is developed on the double-entry system. Ventilation is produced by an electrically driven fan and is conducted to the working faces by brattices. Drainage is very difficult but by the use of pumps and ditches it is kept in a lawful condition. The roof is of a dangerous character owing to the age of the mine. However, the timbering is well looked after.

During the year 1937 a new modern Areodyne fan was installed at the new air shaft at Borden Yard and ventilation was very much improved as a result.

CONSOLIDATION COAL COMPANY

Mine No. 10

Mine Foreman.....James Close
 Assistant Mine Foreman.....J. A. Weisenborne

This mine is located at Eckhart, just west of Consolidation Mine No. 4 on the Eckhart Branch of the Cumberland and Pennsylvania Railroad. It is a drift opening working the Tyson or Sewickley coal seam and is developed on the double-entry system. Ventilation is produced by an electrically driven fan. Drainage is kept in a lawful condition by a hole being driven through the Big Vein. The roof is of the usual character found in the Tyson seam, being disturbed in some places by the removal of the coal in the seam below.

CONSOLIDATION COAL COMPANY

Mine No. 17

Mine Foreman.....James Close
 Assistant Mine Foreman.....Arch Davis

This mine is located on the Cumberland and Pennsylvania Railroad at Lord, Md., and is a drift opening working the Tyson or Sewickley coal seam, and is developed on the double-entry system. Ventilation is produced by an electrically driven fan and is conducted to the working faces by doors and stoppings. This mine is almost completely mechanized.

CROSS FUEL COMPANY

Cross Mine

 Secretary.....Oscar L. Brady
 Mine Foreman.....Oscar L. Brady

This is a truck mine working the Lower Kittanning coal seam and was formerly operated by the Boyd Mining Company. It is about 1 mile south of Kitzmiller. Ventilation and drainage are by natural means which are adequate.

H. L. BOWMAN COAL COMPANY

Hiola No. 1 and No. 2

P. O. Address.....Grantsville, Md
 Mine Foreman.....Ed. Stowell

These are truck mines near Grantsville, Md., working the Freeport coal seam. The coal is hauled by trucks to the Castle Valley Railway and loaded on railroad cars. After February, 1939, these mines were operated by R. R. Robertson Coal Company. Hiola No. 2 Mine is located on Shade Run and is a slope opening.

MRS. DENNIS BRENNEMAN

P. O. Address.....Bittinger, Md.

This is a small truck mine located near Bittinger, Md., working the Bakerstown coal seam.

BURKE, LEWIS, UPLINGER

Martin Bros. Mine

P. O. Address.....Gormaniam, W. Va.
 Operators.....Jesse Burke, Percy Lewis and
 Glen Uplinger

This is a small truck mine working the Kittanning coal seam.

BUTTS BROS.

Nydegger Mine

P. O. Address.....Gormaniam, W. Va.

This is a small truck mine operating the Freeport coal seam near Gorman, Md. It was formerly operated by J. A. Riddings.

CAMPBELL & BROADWATER

L. R. Paugh Mine

P. O. Address.....Deer Park, Md.
 President & Superintendent.....P. G. Campbell

This is a small truck mine located near Eagle Rock and was formerly operated by Deer Park Fuel Company. It works the Bakerstown coal seam.

JAMES COLLINS

Miller Run Mine

P. O. Address.....Oakland, Md.

This is a truck mine located near Oakland, working the Clarion coal seam.

CONSUMERS COAL COMPANY

P. O. Address.....212 E. Cork St., Winchester, Va.

Manager.....R. C. Blackburn

Mine Foreman.....Joe Sirbaugh—Wm. Lemon

This company operates mines as follows: No. 1, Lower Kittanning, Kitzmiller; No. 2 Upper Kittanning, Dodson; No. 3, Lower Kittanning, Dodson; No. 4, Freeport seam, near Kitzmiller, formerly operated by L. B. Sharpless. They are all truck mines and ventilation is furnished by a gasoline-driven fan and drainage is natural.

JAMES COVER

P. O. Address.....Friendsville, Md.

This is a small truck mine located near Friendsville, Md.

THE DAVIS COAL AND COKE COMPANY

Kempton No. 42 Mine

P. O. Address.....Thomas, W. Va.

President.....A. B. Stewart, 810 Keyser Bldg.,
Baltimore, Md.

Mining Superintendent.....Andrew F. Diamond

Mine Foreman.....J. R. Gooding

Assistant Foreman.....Robert Jackson and Richard Ryan

Fire Bosses.....Leslie Ryan and Cassell Tasker

This mine is located at Kempton on the Western Maryland Railway. It is a shaft opening working the Lower Kittanning coal seam. Ventilation is produced by an approved fan driven by an electric motor. Drainage is kept in a lawful condition by means of pumps.

JAMES DeMARCO

P. O. Address.....Kitzmilller, Md.

This is a new development opened in October, 1937. It is a truck mine working the Kittanning coal seam in the vicinity of Kitzmilller, Md.

DIAMOND CIRCLE COAL COMPANY**Diamond Circle Mine**

P. O. Address.....Grantsville, Md.

President.....Jacob H. Hichner, 5620 Western Ave., Chevy Chase, Md.

Superintendent and Foreman....John Keister, Grantsville, Md.

This mine is located about two miles south of Jennings, Md., on the Casselman Valley Railroad. It is a drift opening working the Bakerstown coal seam. This is a new company taking over the old Morgart Mine, formerly worked by Louis Morgart Coal Company. Operation was started during the month of October, 1939.

FIKE COAL COMPANY**No. 1 Mine**

P. O. Address.....Friendsville, Md.

This is a small truck mine located near Friendsville, Md., working the Copper coal seam.

GRANTSVILLE COAL COMPANY**Hiola No. 2 Mine**

P. O. Address.....Grantsville, Md.

Mine Foreman.....Edw. Stowell

This mine was formerly worked by the H. L. Bowman Coal Company and a description will be found under that name.

CLAUDE W. GROVE

P. O. Address.....Box 623, Westernport, Md.

This is a truck mine operating the Freeport coal seam on Aaron's Run near Luke, Md.

HAMILL COAL AND COKE COMPANY

Hamill Mines

P. O. Address.....	Blaine, W. Va.
President.....	C. Ney Smith, Huntington, W. Va.
Secretary.....	J. A. Shore, Blaine, W. Va.
Mine Superintendent.....	J. A. Shore
Mine Foreman.....	Roy Butts, Freeport Mine J. J. Walker, Kittanning Mine
Assistant Foreman.....	W. D. Walker, Kittanning Mine

These mines are located about 1 mile north of Kitzmiller on the main line of the Western Maryland Railway. They consist of two openings working the Kittanning and Freeport coal seams. Ventilation is produced by a fan.

ARTHUR HARVEY

P. O. Address.....Swanton, Md.

This is a truck mine located near Mt. Zion working the Freeport coal seam, and is the same mine worked by Charles Harvey.

I. L. HUFF

Lewis Mine

P. O. Address.....Grantsville, Md.
Mine Foreman.....Fred Durst

This mine is located on the Castleman Valley Railroad and operates in the Bakerstown coal seam near Grantsville, Md. The coal is undercut with a Sullivan chain machine and a shaker screen was installed during 1937.

E. C. HUTCHINSON

Laurel Run Mine

P. O. Address.....Mt. Lake Park, Md.
Mine Foreman.....Russell Tasker

This is a truck mine located on Laurel Run near Gorman, Md., in the Freeport coal seam. Ventilation is produced by a fan powered by a gasoline motor.

JENKINS COAL COMPANY

P. O. Address.....Grantsville, Md.
 Operator and Foreman.....Ray Jenkins

This is a new opening located on the New Germany Road and working the Split Six coal seam. It is a truck mine.

WILLIAM JONES

Glottelty Mine

P. O. Address.....Friendsville, Md.

This is a small truck mine located on the Friendsville-Accident Road near Friendsville, Md.

PAUL KINSINGER

Kinsinger Mine

P. O. Address.....Grantsville, Md.

This truck mine is located about three miles south of Grantsville, Md., on the Jennings Road. It is a small mine selling domestic coal mostly to farmers.

MELVIN KITZMILLER

Franklin Hill Mine

P. O. Address.....R.F.D., Westernport, Md

This is a small truck mine working the Tyson coal seam near Westernport, Md.

EDWARD LININGER

No. 1 Mine

P. O. Address.....Friendsville, Md.

This is a small truck mine located near Friendsville, Md., and was formerly operated by W. W. Savage Coal Company.

J. R. LIPSCOMB**Arnold Mine**

P. O. Address.....R.F.D. No. 1, Box 50,
Gormaniam, W. Va.

This is a truck mine operating in the Lower Kittanning coal seam located several miles north of Kempton.

LITTLE BEN COAL COMPANY**No. 2 Mine**

P. O. Address.....Piedmont, W. Va.
President.....Robert H. Maybury
Superintendent.....B. S. Mellon

This is an opening in the Freeport coal seam. This is the same mine operated by Mack Coal Company, a description appearing under that name.

McCULLOUGH COAL CORPORATION**McCullough Mine**

P. O. Address.....Friendsville, Md.
President.....F. C. McCullough
Secretary.....R. E. Guard
Mine Foreman.....George Albright

This mine is located at Friendsville on the Kendall Branch of the Baltimore and Ohio Railroad. It is a drift opening working the "C" Prime coal seam. Ventilation is produced by a steam-driven fan and is conducted to the working faces by doors, stoppings and overcasts and is usually in very good condition. Picking tables were installed during 1937.

McKENZIE COAL COMPANY**McKenzie Mine**

P. O. Address.....Grantsville, Md.

This mine is the same as the McKenzie Farm Mines. It was operated by Elmer Yaste, John Keister and William Eisel. The mine is located about three miles south of Grantsville. It is a slope opening working the Upper Freeport coal seam.

MACK COAL COMPANY

No. 1 Mine

P. O. Address.....Westernport, Md.
 President.....F. B. McMillen
 Superintendent.....Robert Maybury
 Mine Foreman.....Albert Holler

This mine operated in the Lower Freeport coal seam on Aarons Run near Luke, formerly operated by Little Ben Coal Company. Ventilation is furnished by gasoline-powered fan.

E. E. MACKLEY

Gilbert Mine

P. O. Address.....Wilson, W. Va.

This mine works the Kittanning coal seam or split Six coal seam near Table Rock and later worked by Harry Teter.

MANOR COAL COMPANY

Manor Nos. 1 and 3

P. O. Address of prin. officeU. S. National Bank Bldg.,
 Johnstown, Pa.
 President.....Andrew B. Crichton,
 Johnstown, Pa.
 Secretary.....H. A. Crichton, 17 Battery Place,
 New York City
 Mining Superintendent.....Charles H. Jones, Vindex, Md.
 Mine Foreman.....O. W. Tasker
 Assistant Foremen.....Fitzhugh Burrell, F. N. Damon,
 S. P. Newhouse, John Coleman
 and William Henderson

This mine is located at Vindex about 3 miles east of Kitzmiller. It is on the Chaffee Branch of the Western Maryland Railway and is a drift opening working the Kittanning coal seam. Ventilation is produced by an electrically driven fan.

MILL RUN GEORGES CREEK COAL COMPANY

Ezra Michaels Mine

P. O. Address.....Westernport, Md.
 Mining Superintendent.....Howard C. Michael

This is a truck mine operating in the Bakerstown coal seam on Mill Run near Morrison.

MOON & LILLER

P. O. AddressDeer Park, Md.
 Superintendent and Foreman....Albert Moon

This is a truck mine working the Upper Freeport coal seam located near Tasker Corners and formerly operated by Liller & Weeks.

MINOR MORRIS

Earl Paugh Mine

P. O. Address.....Elk Garden, W. Va.
 Mine Foreman.....Mr. Noogle

This is a truck mine working the Freeport coal seam located near Mt. Zion, Md.

MYERS COAL COMPANY

Beachy Mine

P. O. Address.....Grantsville, Md.
 President.....J. A. Beachy
 Secretary.....C. A. Bender
 Mining Superintendent.....J. A. Beachy
 Mine Foreman.....Vernon C. Beachy

This is a slope opening, working the "C" Prime coal seam. It is located about one mile west of Grantsville. Coal is hauled by trucks to the Castleman Valley Railroad and loaded on cars.

ORBIN COAL COMPANY

Orbin Mine

P. O. Address.....Kitzmiller, Md.

This is a small truck mine located near Kitzmiller, working the Upper Freeport coal seam.

CHARLES PATTISON**Pattison Mine**

P. O. Address.....Bloomington, Md.
 Mine Foreman.....W. W. Garvey

This is a truck mine operating in the Bakerstown coal seam located near Bloomington.

PERRY PAUGH MINE

P. O. Address.....Deer Park, Md.

This is a truck mine working the Bakerstown coal seam located near Tasker Corner.

PRITTS BROS. COAL COMPANY**PeeWee Mine**

P. O. Address.....Kitzmiller, Md.
 President.....J. J. Walker
 Secretary & Superintendent.....M. E. Pritts
 Mine Foreman.....Wilbur Burrell

This was formerly known as Peerless No. 3 Mine and operated by Pee Wee Coal Company. It is a truck mine working the Freeport coal seam near Kitzmiller.

L. M. RAWLINGS CO.**Rawlings Mine**

P. O. Address.....Kitzmiller, Md.
 Operated by.....L. M. Rawlings

This is a small truck mine located near Kitzmiller and working the Kittanning coal seam.

R. R. ROBERTSON**Hiola No. 1 and No. 2**

P. O. Address.....R.F.D. No. 1, Meyersdale, Pa.
 Mine Foreman.....Edward Stowell

During the first part of 1939 these mines were operated by H. L. Bowman Coal Company and a description will be found under that name.

ROBERT A. RUSSELL

Russell Mine

P. O. Address.....Lonaconing, Md.

This is a small truck mine working the Bakerstown coal seam near Barton.

S. E. S. COAL COMPANY

Black Diamond Mine

P. O. Address.....Gormaniam, W. Va.
 President.....D. A. Schell, R.F.D. No. 1,
 Gormaniam, W. Va.

This is a truck mine working the Upper Freeport coal seam.

HARRY F. SAUSMAN & SONS

Sausman Mine

P. O. Address.....Route No. 1, Somerfield, Pa.

This is a truck mine located on Mill Run near Selbysport, Md., working the C-Prime coal seam.

LYMAN SCHROCK

Fortney Mine

P. O. Address.....Bittinger, Md.

This is a new mine located near Bittinger working the Honeycomb coal seam. It is a truck mine.

SELDERS & STIERINGER CO.

Martin Bros. Mine

P. O. Address.....Gormaniam, W. Va.
 Operators.....Elmer Selders and
 H. R. Stieringer

This is a truck mine working the Kittanning coal seam and was formerly operated by Lewis & Burke.

EARL SIMS

Sims Mine

P. O. Address.....Oakland, Md.

This is a truck mine operating in the Split Six seam located near Crellin, Md.

GEORGE E. SLOAN

Shaw Mine

P. O. Address..... Grantsville, Md.
Mine Foreman.....G. E. Sloan

This is a truck mine working the C-Prime coal seam located near Grantsville, Md. The coal is hauled in trucks to the Castleman Valley Railway and loaded in railway cars. A new opening was driven to the outside during 1937 for ventilation and haulage and a new tipple was constructed near the State road.

KEITH STEYER

Mersing Mine

P. O. Address..... Deer Park, Md.

This is a truck mine working the Freeport coal seam located near Taskers Corner.

TABLE ROCK COAL COMPANY

Table Rock Mine

P. O. Address..... Gortner, Md.
President.....J. D. Swartzentruber,
Oakland, Md.
Secretary.....H. D. Swartzentruber,
Oakland, Md.
Operators.....M. S. Arnold & Son,
Gormanian, W. Va.

This is a small truck mine located near Table Rock and working the Kittanning coal seam.

JOHN W. TASKER

P. O. Address.....R. F. D., Swanton, Md.

This is a small truck mine operating in the Bakerstown coal seam near Monroe.

HARRY TETER

Gilbert Mine

P. O. Address.....Gormanian, W. Va.

This is a small truck mine located near Table Rock working the Kittanning coal seam. It was formerly worked by E. E. Mackley.

M. E. TUCKER

P. O. Address.....Steyer, Md.

This is a small truck mine located 1 mile northwest of Steyer on the Western Maryland Railway, working the Freeport coal seam.

GEORGE UPOLE

Upperman Mine

P. O. Address.....Deer Park, Md.

This is a small truck mine formerly worked by William Upperman in the Upper Freeport coal seam near Potomac C. C. C.

WILLIAM UPPERMAN

Upperman Mine

P. O. Address.....Deer Park, Md.

VIOLA COAL COMPANY

No. 1 Mine

This is a truck mine located near Eagle Rock, working the Bakerstown coal seam and was formerly operated by Mrs. Julia Moon.

JAMES VITEZ COAL COMPANY

P. O. Address..... Selbysport, Md.

This is a small truck mine located on Mill Run near Selbysport, Md., working the Freeport coal seam.

MELVIN WEIMER

Round Glade Mine

P. O. Address..... Oakland, Md.

This is a small truck mine located near Oakland, Md. It is a drift opening working the Lower Kittanning coal seam. Ventilation is by natural means and the coal is mined for domestic use.

WOLF DEN COAL CORPORATION

Wolf Den Mine

P. O. Address..... Shallmar, Md.
 Principal Address..... 17 Battery Place, New York City
 President..... W. A. Marshall, New York City
 Secretary..... W. H. Marshall, New York City
 Mine Superintendent..... H. A. Marshall, Shallmar, Md.
 Mine Foreman..... J. J. Walker
 Assistant Foreman..... C. D. McIntyre

This mine is located at Shallmar on the Western Maryland Railway. It is a drift opening working the Lower Kittanning coal seam. Ventilation is produced by a large fan driven by electricity. Drainage and timbering are well looked after. The general condition of the mine is good.

REPORT OF VOCATIONAL MINING EDUCATION**School Year, September 26, 1938—July 29, 1939**

L. C. HUTSON,
R. D. EWING,
Instructors.

Report on the Night Mining Classes

The Night Mining Classes conducted by the Maryland Bureau of Mines, in cooperation with the University of Maryland, the State Department of Education and the County Boards of Education of Allegany and Garrett Counties, opened their sessions September 26, 1938, and closed May 27, 1939.

The classes were grouped in two districts, the Upper Potomac District, in charge of Instructor Hutson; the George's Creek District, in charge of Instructor Ewing.

REPORT OF THE UPPER POTOMAC DISTRICT**Organization and Schedule**

The Night Classes were organized in the Upper Potomac District at the following points:

Vindex.....	Monday Night
Crellin.....	Tuesday Night
Kitzmiller.....	Wednesday Night
Kempton.....	Thursday Night
Deer Park—Loch Lynn.....	Friday Night

Subjects

The subjects studied were as follows: Coal Mine Gases—Coal Mine Ventilation—Map Reading.

Vindex Class

Number of men enrolled.....	44
Average age of students.....	27.6 years
Average previous educational preparation.....	7.5 years
Occupations:	
Miners.....	24
Laborers.....	13
Students.....	1
Unemployed.....	3
Officials.....	3
Nationalities:	
Americans (Native Born).....	44

Crellin Class

Number of men enrolled.....	28
Average age of students.....	27.8 years
Average previous educational preparation.....	8.0 years
Occupations:	
Miners.....	16
Laborers.....	6
Students.....	5
Officials.....	1
Nationalities:	
Americans (Native Born).....	28

Kitzmiller Class

Number of men enrolled.....	23
Average age of students.....	33.0 years
Average previous educational preparation.....	8.0 years
Occupations:	
Miners.....	8
Laborers.....	7
Unemployed.....	3
Officials.....	5
Nationalities:	
Americans (Native Born).....	23

Kempton Class

Number of men enrolled.....	26
Average age of students.....	29.8 years
Average previous educational preparation.....	7.8 years
Occupations:	
Miners.....	18
Laborers.....	6
Officials.....	2
Nationalities:	
Americans (Native Born).....	26

Deer Park—Loch Lynn Classes

Number of men enrolled.....	18
Average age of students.....	33.9 years
Average previous educational preparation.....	7.0 years
Occupations:	
Miners.....	12
Laborers.....	2
Students.....	1
Operators.....	3
Nationalities:	
Americans (Native Born).....	18

Summary

Total number of men enrolled.....	139
Average weekly attendance (5 classes).....	52
Average Vindex Class.....	13
Average Crellin.....	12
Average Kempton Class.....	11
Average Kitzmiller Class.....	10
Average Deer Park—Loch Lynn Class.....	6
Average age of men enrolled.....	30.4 years
Average previous educational preparation.....	7.6 years
Attendance of men enrolled.....	37%
Americans enrolled (Native Born).....	100%
New men enrolled.....	50%
Miners enrolled.....	56%

CONCLUSION

The enrollment this year showed an increase over that of last year of 20%.

The average weekly attendance this year showed an increase of 17% over that of last year.

While the attendance as compared to the enrollment was not as large as could be wished, some of the work performed by the individual students was of a very high quality. The continued high percentage of new men enrolled from year to year remains a source of gratification to the Instructor.

REPORT OF THE GEORGES CREEK DISTRICT**Organization and Schedule**

The Night Mining Classes were organized, in the Georges Creek district at the following points:

		First Meeting Night
Grantsville.....	Monday.....	September 26, 1938
Barrelville.....	Tuesday.....	September 27, 1938
Frostburg.....	Wednesday.....	September 28, 1938
Barton.....	Thursday.....	September 29, 1938
Westernport.....	Friday.....	September 30, 1938
Lonaconing.....	Tuesday.....	January 17, 1939

Westernport class was discontinued January 6, 1939, and a class was organized at Lonaconing. Barrelville class was changed to Friday night, and the Lonaconing class was conducted on Tuesday night.

By this arrangement and on the above schedule, the classes met each week, with the exception of Legal Holidays.

Subjects

The subjects studied by the classes were as follows: Arithmetic, Mining Law, Mine Ventilation, Mine Gases and Map Reading.

Grantsville Class

Number of men enrolled.....	17
Average age of men.....	28.7 years
Average previous educational preparation.....	8.3 years
Nationalities:	
Americans (Native Born).....	17
Occupations:	
Operators.....	3
Mine Foremen.....	4
Miners.....	7
Students.....	3

Barrelville Class

Number of men enrolled.....	32
Average age of men.....	23.8 years
Average previous educational preparation.....	7.5 years
Nationalities:	
Americans (Native Born).....	32
Occupations:	
Mine Foremen.....	3
Miners.....	8
Laborers.....	10
Students.....	11

Frostburg Class	
Number of men enrolled.....	18
Average age of men.....	37 years
Average previous educational preparation.....	8.0 years
Nationalities:	
Americans (Native Born).....	16
Welsh	1
Italian	1
Occupations:	
Operators.....	2
Electricians.....	2
Mine Foremen	3
Miners.....	4
Laborers	7

Barton Class	
Number of men enrolled.....	21
Average age of men.....	38 years
Average previous educational preparation.....	7.1 years
Nationalities:	
Americans (Native Born).....	21
Occupations:	
Operators.....	5
Mine Foremen	4
Miners.....	6
Laborers	6

Lonaconing and Westernport Classes (combined)	
(19 wks.)	(14 wks.)
Number of men enrolled.....	12
Average age of men.....	29.6 years
Average previous educational preparation.....	8.0 years
Nationalities:	
Americans (Native Born).....	9
Italian	1
Scotch.....	2
Occupations:	
Mine Foremen	3
Laborers	3
Students.....	2
Miners.....	4

Summary	
Total number of men enrolled.....	100
Average weekly attendance.....	51
Average weekly attendance Grantsville.....	10
Average weekly attendance Lonaconing & Westernport	6
Average weekly attendance Frostburg.....	11
Average weekly attendance Barton.....	13
Average weekly attendance Barrelville.....	11
Average age of men enrolled.....	31.4 years
Average previous educational preparation.....	7.8 years
Attendance of men enrolled.....	51%
Total number of Americans (Native Born) enrolled.....	95
Percentage of men enrolled (Americans, native born).....	95%

CONCLUSION

There were sixty new students enrolled, this number represents 60% of the total enrollment. There was an increase in enrollment, new men enrolled and percentage of attendance over last year.

The classes were fairly well supported and the students took an active interest in both the classwork and homework assigned. Those of the students who actively applied themselves showed a marked improvement as the work progressed. This year's work was very gratifying and very much appreciated by all who attended the classes.

REPORT OF THE SHORT COURSE IN COAL MINING—1939

L. C. HUTSON, Director

The sixteenth annual Short Course in Coal Mining, held at Frostburg, Maryland, conducted by the Maryland Bureau of Mines in cooperation with the University of Maryland, the State Department of Education and the County Boards of Education of Allegany and Garrett Counties, opened June 19, 1939, and closed July 29, 1939.

The six weeks of the Course were held in the Administration Building of the State Teachers' College, at Frostburg.

Instruction Staff and Subjects

- L. C. Hutson.....Explosives, Coal Mine Ventilation, Safety Lamps, Drainage and Pumping, Haulage, Map Reading, Mine Fires and Explosions, Mining Arithmetic, Maryland Mine Law.
- R. D. Ewing.....Electricity Applied to Coal Mining, Map Reading, Coal Mine Gases, First Aid, Mine Rescue, Geology of Coal, Mining Arithmetic, Maryland Mine Law.
- J. J. Rutledge.....Mining Methods.

Schedule of Classes

- First week..... 8:00 to 9:00—Mining Arithmetic
9:15 to 10:30—Explosives.
10:45 to 12:00 —Mining Methods.
1:00 to 2:30—Safety Lamps.
2:45 to 4:00—Maryland Mine Law.
- Second week..... 8:00 to 9:00—Mining Arithmetic
9:15 to 10:30—Electricity in Mines.
10:45 to 12:00 —Mining Methods.
1:00 to 2:30—First Aid.
2:45 to 4:00—Maryland Mine Law.
- Third week..... 8:00 to 9:00—Mining Arithmetic
9:15 to 10:30—Electricity in Mines.
10:45 to 12:00—Coal Mine Ventilation.
1:00 to 4:00—Mine Rescue.
- Fourth week..... 8:00 to 9:00—Mining Arithmetic
9:15 to 10:30—Coal Mine Ventilation.
10:45 to 12:00—Coal Mine Gases.
1:00 to 2:30—Map Reading.
2:45 to 4:00—Maryland Mine Law.

Fifth week.....	8:00 to 9:00—Mining Arithmetic
	9:15 to 10:30—Haulage.
	10:45 to 12:00—Drainage and Pumping.
	1:00 to 2:30—Map Reading.
	2:45 to 4:00—Maryland Mine Law.
Sixth week.....	8:00 to 9:00—Mining Arithmetic
	9:15 to 10:30—Geology of Coal.
	10:45 to 12:00—Mine Fires and Explosions.
	1:00 to 4:00—Demonstrations and Tests.

Field Trip

July 31.....	U. S. Bureau of Mines, Experimental Mine, Bruceeton, Pennsylvania.
August 1.....	Butler Consolidated Coal Company, Wildwood, Pennsylvania.

Enrollment

Name	Address	Age	Occupation	Employer
Monroe Keister.....	Frostburg.....	39	Miner.....	Russell Keister
Bernard J. Henaghan.....	Eckhart.....	29	Laborer.....	Shade Run Coal Co.
Benjamin Ritchie.....	Frostburg.....	43	Asst. Foreman.....	Consolidation Coal Co.

Everett M. Friend.....	Friendsville.....	34	Miner.....	McCullough Coal Corp.
Charles Rafferty.....	Frostburg.....	31	Laborer.....	W. P. A.
Herbert Langham.....	Barton.....	44	Operator.....	Self

CONCLUSION

The average age of the students was 32.7 years. The average daily attendance was thirteen. Nine were full time students while eight were part time. Seven men were enrolled from Garrett County, ten from Allegany County. A number of additional tests and demonstrations were provided for the students this year, which it is hoped will add to the ultimate value of the Course.

SUMMARIZATION

Number of men enrolled, both districts.....	239
Number of men enrolled in the Short Course.....	17
Average weekly attendance, both districts.....	103
Average age of men, both districts.....	30.9 yrs.
Average previous educational preparation, both districts.....	7.7 yrs.
Average attendance percentage, both districts.....	44%
Percentage of new men enrolled, both districts.....	55%
Percentage of Americans (N. B.), both districts.....	97.5%
Percentage of miners enrolled, both districts.....	42.5%
