Table 3: Title V Permitting Summary

	11/22/11	10/22/12	3/21/13	1/3/14	3/14/14	7/10/14	9/25/14
Applications pending for new Title V permits	4	1	1	2	1	2	2
Applications pending for new Title V permits that were received three years prior	0	0	0	0	0	0	0
Applications pending for renewal Title V permits*	11	24	30	41	40	44	39
Applications pending for renewal Title V permits that were received 12 months prior**	4	4	7	11	11	13	10
Facilities with extended Title V permits**	6	4	7	12	11	13	10

*Includes renewal applications received as of 9/17/14
**Includes renewal permits issued as of 10/1/14

Table 4: Regional ZEV Action Plan Summary

Action #1: Promote the availability and effective marketing of all plug-in electric vehicle models in our states and support these efforts

Action #2: Provide consumer incentives to enhance the ZEV ownership experience

Action #3: Lead by example through increasing ZEVs in state, municipal, and other public fleets

Action #4: Encourage private fleets to purchase, lease, or rent ZEVs

Action #5: Promote workplace charging

Action #6: Promote ZEV infrastructure planning and investment by public and private entities

Action #7: Provide clear and accurate signage to direct ZEV users to charging and fueling stations and parking

Action #8: Remove barriers to ZEV charging and fueling station installations

Action #9: Promote access, compatibility, and interoperability of the plug-in electric vehicle charging network

Action #10: Remove barriers to retail sale of electricity and hydrogen as transportation fuels and promote competitive plug-in electric vehicle charging rates

Action #11: Track and report progress toward meeting the goal of 3.3 million ZEVs on our roadways by 2025

Table 5: ZEV Related Activities Since August 1 *(Continued on next page)*

- *MDE acquired four free Prius plug-in hybrid vehicles from Toyota. Mobile Sources worked with Toyota for the past year to secure these vehicles for the MDE fleet.*

- *Eight new charging stations were installed at Montgomery Park. These are Level 2 chargers. Two chargers were installed in the front of the building in the Red Lot and six were installed in the back for the MDE fleet vehicles. MDE worked with Montgomery park to acquire these chargers and will apply for the MEA charger rebate to offset 50% of the cost.*

- *Mobile Sources developed an EV presentation for Deputy Secretary Kinsey to present at EVIC detailing State progress in meeting the ZEV MOU signed by Governor O'Malley.*

- *Updating the Clean Car Regulation to stay consistent with changes made during the past year to the California LEV rule.*

- *Prepared and submitted the Clean Car AELR Report. This report is required to be submitted to the legislators every October. The purpose of this report is to summarize all changes that have occurred to the California LEV Rule over the past year.*

Table 5: ZEV Related Activities Since August 1 *(Continued on next page)*

- *Prepared state ZEV information for Secretary Summers and Deputy Secretary Costello for their meeting with the Governor's office. The purpose of the meeting was to discuss the state's role in leading by example in the procurement of plug-in vehicles and the possibility of the Governor issuing an Executive Order requiring the purchase of plug-in vehicles by state fleets.*

- *Prepared information and briefed Deputy Secretary Kinsey for her ZEV MOU meeting in Boston.*

- *Participated with MEA to promote EV Drive week in Maryland. This included an event at the Maryland Science Center and posting information on the social media pages for MDE.*

- *Finalizing summer intern project to develop Maryland EV website.*

Table 5: ZEV Related Activities Since August 1

- *Developed a plug-in vehicle information fact sheet for mobile phones. This fact sheet was developed to be used my Maryland automotive dealers and was put together by Laura Armstrong.*

- *Accepting applications for the Maryland Fast Charger grant. This grant will work to develop a Fast Charger network throughout the State of Maryland.*
