

**Maryland
Green Registry
MEMBER**

The Maryland Green Registry promotes and recognizes sustainable practices at organizations of all types and sizes. Members agree to share at least five environmental practices and one measurable result while striving to continually improve their environmental performance.

Gordian Energy Systems

4001 Coolidge Avenue

Baltimore, MD 21229

410-242-2449

Solar EPC Contractor and Developer

Member since November 2013

Management and Leadership

Environmentally Preferable Products and Services

Gordian Energy Systems is a leading commercial solar installer offering innovative onsite power solutions so that our clients can control costs, save energy and generate an excellent return on investment.

Environmentally Preferable Purchasing

We buy from local vendors when possible. Our main electrical supply vendor is less than 10 minutes from our shop.

Waste

Recycling

We recycle all office paper, plastic bottles and package wrapping.

Energy

Energy Efficiency

Gordian Energy Systems installed a 29.72 kW roof top solar array on its facility in 2020 offsetting 100% of their electrical requirements.

Transportation

Efficient Business Travel

Promote teleworking and flexible schedules along with using web and teleconferencing where appropriate. Purchased our 1st electrical vehicle for our fleet in 2021.

Environmental Certification Programs, Awards and Other Activities

- Gordian Energy Systems is a member of MDV-SEIA. Founded in 1984, MDV-SEIA represents the interests of photovoltaic and solar thermal equipment manufacturers, installers, distributors and component suppliers serving Maryland, the District of Columbia, and Virginia.*
