

**Wastewater Treatment Plants
ENR Upgrade Status
(February 20, 2008)**

Status Update:

Previous Meeting

7 facilities are in operation
8 facilities are under construction
13 are under design
30 are in planning
8 are in pre-planning activities

Current

8 facilities are in operation
9 facilities are under construction
13 are under design
27 are in planning
9 are in pre-planning activities

- For more information on each facility status, nutrient loading, and other information, you may go to http://www.mde.state.md.us/Water/CBWRF/pop_up/enr_status_map.asp
- The eight facilities that are in operation are Celanese, Hurlock, Aberdeen Proving Ground, Easton, Swan Point, Kent Island, North East River (pending one-year project performance), and Dorsey Run (pending one-year project performance).

Status Change from Previous Meeting:

- Dorsey Run is already achieving ENR level of treatment. MDE informed the facility that upgrade is not needed. Will monitor performance for one year and confirm finding.
- Federalsburg is now under construction.
- Chesapeake Beach moved to design.
- Snow Hill moved back to pre-planning because developer could not afford to proceed with the upgrade. The town to pursue MDE funding.

Percentage completion for facilities under construction for ENR Upgrade:

<u>Facility</u>	<u>Percentage complete</u>
Crisfield	94%
Chestertown	99%
Salisbury	94%
St. Michael's (Talbot County Region II)	93%
Indian Head	85%
Elkton	69%
Brunswick	95%
Havre De Grace	24%
Federalsburg	0%

Upcoming Events:

- A groundbreaking will be scheduled for Federalsburg in April.
