WATER QUALITY FINANCING ADMINISTRATION

GOVERNMENTAL

FINAL SRF APPLICATION FOR
MARYLAND WATER QUALITY REVOLVING LOAN FUND (MWQRLF)
OR
MARYLAND DRINKING WATER REVOLVING LOAN FUND (MDWRLF)

General Instructions

1. Use of this Application - This application is to be used for all forms of financial assistance from the Maryland Water Quality Revolving Loan Fund or Maryland Drinking Water Revolving Loan Fund. A separate application is required for each project seeking State Revolving Funds. All dollar amounts requested in this application should be rounded to the nearest hundred dollars.

Applications for a loan from the MWQRLF are necessary for any type of eligible wastewater facility. Wastewater facility means any equipment, plant, treatment works, structure, machinery, apparatus, interest in land, or any combination of these, which is acquired, used, constructed, or operated for the storage, collection, treatment, neutralization, stabilization, reduction, recycling, reclamation, separation, or disposal of wastewater, or for the final disposal of residues resulting from the treatment of wastewater, including: treatment or disposal plants; outfall sewers, interceptor sewers, and collector sewers; pumping and ventilating stations, facilities, and works; programs and projects for controlling nonpoint sources of water pollution and for estuarine conservation and management; and other real or personal property and appurtenances incident to their development, use, or operation.

Applications for a loan from the MDWRLF are necessary for any type of eligible water supply system. Water supply system means a source and the surrounding area from which water is supplied for drinking or domestic purposes and any structure, channel, or appurtenance used to prepare water for use or to deliver water to a consumer. Water supply system does not include the plumbing system inside any building that is served by the water supply system.

2. Submission - If an item cannot be answered or does not appear to be relevant to your request, write "NA" for "not applicable." A document checklist is included which MDE will use in reviewing your application. The applicant should complete this application, sign and date it, and mail to the following address: Maryland Department of the Environment, Water Quality Financing Administration, State Revolving Fund Division, Montgomery Park Business Center, 1800 Washington Blvd., Baltimore Maryland 21230-1708. Attention: SRF Funding Coordinator.

3. Assistance - Prior to submission, assistance on completing this application may be obtained from the State Revolving Fund Division, Water Quality Financing Administration, by calling 410-537-3119 and asking for a SRF Funding Coordinator.

INSTRUCTIONS FOR PROJECT COST CALCULATION SHEET

1. **Administrative and Legal Expenses** - Enter amounts for administrative expenses and legal expenses related to the construction of the project. "Administrative" includes application completion, organization, scheduling, record keeping, filing, procurement, change order processing, claims management, overall project coordination and management (if not included as part of A/E costs). "Legal expenses" include attorney fees and associated costs for contract development, review, and interpretation, procurement review, negotiation, legal advice, permits, land acquisition, litigation and overall legal support.

2. **Planning/Design Engineering Fees** - Contractual expenses for planning and design of the project.

3. **Total Construction Cost (# of Contracts ________).**
   **Examples:**
   - **Structures and related costs** - Amounts directly necessary for the construction of wastewater or drinking water facilities. Right-of-way costs are not eligible.
   - **Site work** - Construction costs related to site preparation.
   - **Demolition and removal** – Amounts for demolition or removal of structures necessary for site preparation including any credit from proceeds from the sale of salvage or the removal of structures. The amount shown should be the net amount.
   - **Construction** - Those amounts associated with the actual construction contracts of the project.
   - **Equipment** - Amounts for all equipment, both fixed and movable, necessary for the project.

4. **Other Equipment** - Amounts for all equipment, both fixed and movable, exclusive of equipment included in construction that is necessary for the project. For example: permanently attached laboratory tables, built-in audiovisual systems, movable desks, chairs and laboratory equipment.

5. **Construction Phase Engineering/Inspection Fees** - Amounts for technical services of engineers or architects, including preparation of engineering documents, cost estimating, construction inspection and oversight, project start up, operation and maintenance training, performance certification, change order review, and overall technical support.

6. **Land** - For MWQRLF, only land that is an integral part of the treatment process or used for sludge disposal is eligible. For MDWRLF, costs for acquisition of land are eligible only if needed for the purposes of locating eligible project components. Note: Land/Easements for conventional Wastewater Treatment and Conveyance Systems are not eligible for SRF assistance.

7. **Contingencies** - An amount (usually 5% of the construction cost) for unforeseen project costs.

8. **Refinancing Costs** – Costs associated with refinancing partial or total project-related debt.

CERTIFICATION

I, the undersigned Local Government Chief Elected Official or Authorized Representative, certify that:

1. The facts and representations contained in this application and in the addenda are true and correct to the best of my knowledge.

2. No financial commitments have been made or will be made which rely on receipt of a loan through the Maryland Water Quality Financing Administration.

3. The borrowing entity will comply with the requirements under the Maryland Water Quality Revolving Loan Fund or Maryland Drinking Water Revolving Loan Fund Program.

4. The borrowing entity acknowledges and understands that if the Administration approves the loan/grant applied for, the Administration will immediately commit its resources to the origination of such loan/grant. Such commitment of resources will include, without limit, appearing before the State Board of Public Works and incurring legal fees with a private law firm. Accordingly, the borrowing entity, by execution of this Final SRF Application, evidences its good faith intention of and commitment to closing the loan/grant applied for if approved by the Administration.
